

TEAM INFORMATION 2026-2027

DREAMER'S DANCE COMPANY TEAM

Dreamer's Dance Team is a great opportunity for students to grow in dance technique, perform, learn responsibility and work ethic, make new friends and become part of a team!

Joining our team is a commitment, from both dancers and their families. This opportunity is one that will be filled with wonderful opportunities to grow and learn as a dancer as well as a person.

This guide is to help you find out if this is the right choice for you and your child. If you are deciding to continue on with team or taking this next step in your dance education for the first time, we are so excited for you!

We are so excited for the 2025 - 2026 season!

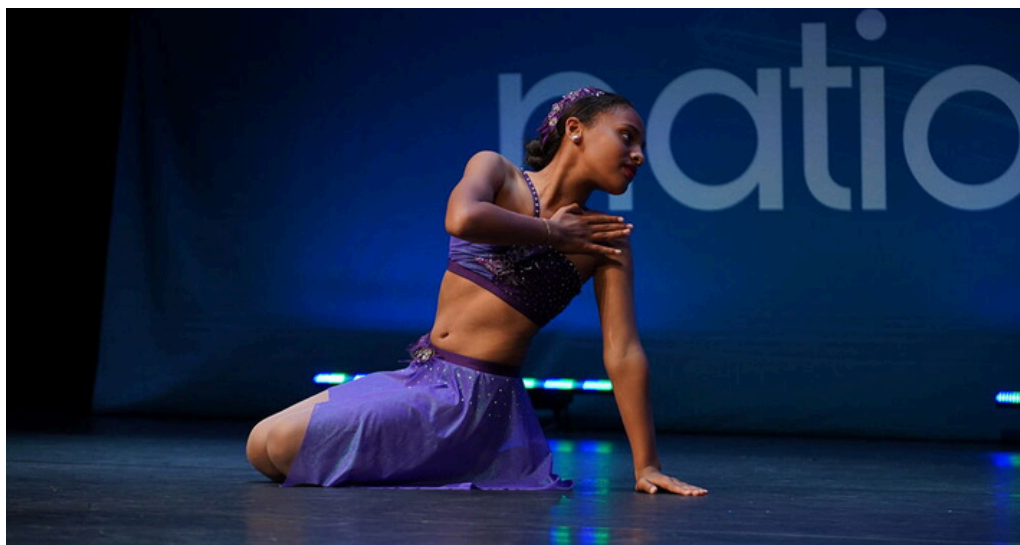

HOW DOES TEAM WORK?

Dancers will be placed in technique classes based on their level in that particular style of dance. Group dances will be created by pulling dancers of equal or complementary strengths from across the entire team roster. Dancers in group dances will also be matched based on time and financial commitment chosen by each family. The choreographers and teachers will decide who performs which dance.

Dancers then work hard all year and perform in dance competitions! Students will be participating in 4 mandatory dance competitions.

Beyond this, students will have the option to participate in additional competitions for solos/duet/trios/small groups and dance conventions. These are great opportunities for learning and growth.
